“Life After Oil” one-day mini-conference

Saturday Sept 25, 2010

8am to 5pm

Please plan your day so that you can attend the entire event because information is cumulative.

Cost: \$35, includes vegetarian salad buffet lunch

Advance registration required.

Register online at www.TransitionLA.org/events/LAO_registration.htm

Site: Community Hall of Holy Nativity Church,
6700 W. 83rd, Westchester (LA 90045 – near LAX airport)

Transition Los Angeles is an inclusive group. We welcome people of all colors, cultures, creeds, ages, backgrounds, and belief systems because we understand that all are part of the solution.

We are very grateful to Holy Nativity Episcopal Parish for donating their meeting space so that we can do this work.

Learn more about the Transition movement in the greater Los Angeles area, and how you can participate. www.TransitionLA.org

Life After Oil

A one-day mini-conference

TRANSITION

LOS ANGELES

What could life in Los Angeles possibly be like
in the era beyond oil?

More importantly, how do we help that vision
blossom into reality?

Saturday September 25

8am to 5pm

"Life After Oil" conference, Sept 2008

The current economic crisis, our environmental ills, climate change, and peak oil are all interconnected. They are shaping our future in sweeping and dramatic ways. Life in coming years will be vastly different from what we have now.

In the Transition movement, we believe life in the future could potentially be **even better than what we have now ...** if we prepare and plan for it.

In this one-day mini-conference, we'll help you understand how you can help your community prepare and plan.

You'll gain a big-picture overview of the problems -- very useful for when you go to explain it to other people. You'll participate in experiential exercises which engage our hearts and spirits in this work. You'll learn -- in depth -- about the Transition approach, and with other conference participants you'll explore how to get it started in your local neighborhood within this vast city.

COURSE CONTENT

The "Life After Oil" mini-conference will include:

- an in-depth examination of The Problems: peak oil, climate change, economic contraction, and their combined effect.
- the Transition movement - what it is; its history in the UK, the US, and LA; how the Transition approach works; how you can help enrich an existing Transition group in your neighborhood, or how get a Transition group started in your local neighborhood
- inner Transition - the change in consciousness we all go through as we embrace the realities of this Transition era
- establishing connections with other solutions-minded individuals from throughout Southern California

The "Life After Oil" mini-conference will include plenty of experiential sessions as well as lecture/information sessions. You will participate in exercises you can then turn around and use within your local neighborhood group.

FACILITATORS

The "Life After Oil" mini-conference will be presented and facilitated by members of Transition Los Angeles, including Vidya Chaitanya, Joanne Poyourow, Peter Rood, John Tikotsky, Dan Wang, Bruce Woodside, and more.
